SEXED

POLLED, COMPONENTS AND BEEF

SAM PP is a new bull in our genomic line-up, the first French Dairy Simmental bull homozygous polled born in France. He is BB & A2A2 and available female sexed ! He is 140 ISU and presents good milk and fat levels, excellent functional traits especially udder health with very easy calvings and very good temperament. A special feature is that he will correct overly sloping pelvises. In addition, his easy birth conditions make him the most used polled sire this year.

SEDUISANT

THE SEDUCING BALANCED BULL

SEDUISANT comes from a family of cows adapted to hardy breeding conditions. He is the leading bull of this campaign, due to his multiple qualities. He brings an excellent level in milk and rate, but also a very desirable morphology, with development, good udders and good legs. His good birth conditions have also helped him to be the most used bull this year.

SPIROU

FR213060170 9 • Born: 02/02/2021
KCn AA • BCn A1A1
ORKA x HADDOCK x PASSION

ISU
149

Milk
+1394

MILK AND TYPE

SPIROU is the result of an original genetic blend "Orka/Haddock/Passion", in a family of cows that is very well worked in the breed. He is used for his production performance in milk and fat. His morphological profile is complete, with size and depth, mixity, good udder attachments, and in addition, an excellent temperament.
