OUR TOP IN EUROPE

The new international star is **NEVERMIND** with a complete package bull! He ranks #47 in NVI (+365), TOP NM\$ (+781) and a nice RZG +149 in Germany.

#1 in NTM +37 is **NORLAND**! He is one of the outcross new pedigree on the top ranking. This FIMME son out of PONDER daughter is N°1 of the international Scandinavian ranking, our N°2 in RZG +151 and TOP in ISU (+207) and NVI. He joins **MARATHON** (outcross bull of the year in the magazine Holstein International) in the outcross team and **MOYRATH**, **MARATHON**'s half-brother now available!

LOUXOR increases in Netherland because of the new NVI calculation (+375 NVI #30). He stays high in Scandinavian countries (Top 20).

MITZUKI is now available (named also MESSI). This KONING son is on the TOP 60 in France, Netherlands, N°11 in NTM (+35) and +150 RZG in Germany! In each of these rankings, he is unique to combine milk, protein and Fat!

MOON is available with one of the highest INET proof in Netherlands (+504).

MELPHY is still our #1 RZG +153. **NORLAND** (FIMME +131 RZN), **MERCUTIO** (ALTAHOTROD +147 RZN), **MITZUKI** (+143 RZN), **MONROE**, **MEPSI COLA**, **NEGRITO** and **NITTLE** join him as bulls >150 RZG.

MAXY RED P: #5 Red Holstein and Polled in Netherlands.

In the TOP 50 RZG for RED HOLSTEIN, **MOEDIS RED** (**MISTER RED**) is one of the best for type with +133 RZE. He is in the TOP 10 active Red bulls in France with a complete package of milk, protein, fertility and Type.

TOP ISU – the LOUXOR success story

After 2 years on the TOP of the international ISU ranking, **LOUXOR** hands out the N°1 ranking place to his son **NEWSTAR** (LOUXOR, ISU +221) and his nephew, **NOUGARO** (LOUXOR, ISU +221). This 2 bulls will be available later during the year.

The ISU base change is effective every year in France in April. This year, it is the highest base change ever with 6 points!! Last 3 years, the base change cumulated 15 ISU points. It shows the progress of the EVOLUTION genetic in the country.

The highest new active bull is **MULTICAST**, sire of sons all in Europe and #10 ISU ranking in France and TOP 20 in NTM.

3 of the TOP 4 international ISU ranking are EVOLUTION bulls (**NEWSTAR**, **NOUGARO**, **LOUXOR**) and 90% of the French TOP 30 is owned by EVOLUTION!

MERCUTIO (HOTROD) is the best to combine Protein (+2.9) and milk (+1354), **MEPSI COLA** (JEPSILON) #1 for Hoof Health. The half-brothers **MARATHON** and **MOYRATH** are the best ones for Ketosis resistance (>2.0).

EVOLUTION : strategic confirmations with daughters

#1 Proven in France: **HURION ISY** increases with 1277 daughters. He is in the TOP 10 international and still the only one to combine more than 3.0 in Protein and 700 in Milk!

The new coming proven bulls in France are well-known: **IZNOGOUD**, the LOUXOR's sire and **ISITOLO**, one of our best-seller last 3 years as genomic:

- **IZNOGOUD** is #2 proven bull with a complete package and an outcross pedigree CREOL TOY x TENNYSSON x BOLTON
- **ISITOLO** builds really nice cows. Some of them are show type oriented with TOP Udders, dairy looking cows producing good components with a top Fertility. He comes from a deep cow family with his dam, second dam and half-sister as show winners during the SPACE SHOW !

OUR LEADERS TPI-NM\$

NEW TPI & NM\$: NEVERMIND (JETT x LABRON) will be available in a few weeks with TOP Level (+781 NM\$ & +2621 GTPI). He comes from a dairy and long lasting cow family who performs on Fertility. 4 generations are still milking on the farm! His dam calved for the second time at 3 years old. His second dam is in third lactation at 5Y and produced already 100 000LB! Third dam is still on milk! She already produced 145 000LB and will calve again in a few weeks after only one service! The fourth dam produced already 200 000Lb. She is the oldest cow in the herd.

With the new TPI calculation, TOP bulls in the ranking loose in average 60 TPI points. **MEMPHIS** (JOSUPER, Milk +2389) and **MAINLY** (OCTOBERFEST, NM\$ +775) stay over +2600 GTPI !

MUNDO is a new TPI bull easy to be used: outcross pedigree MONTANA x ALTA OAK x SUDAN with plenty of Milk (+1561) and nice PTAT (+1.7).

NM\$ & GRAZING : NEWMAN is the perfect modern bull. He provides enough milk (+1000) with good components (PROT +0.03 & FAT +0.06) with perfect functional traits (DPR +2.7 & PL +6.2 & Calving 6.2%)! This JETT son will produce small cows (STA -0.5) with perfect udders (+2.14) and good F&L (+1.34)!

NETSCAPE is also a new NM\$ bull (+723) with complete package and intruding pedigree SOLARIS x MARDI GRAS x BEACON

RED HOLSTEIN : MANANA RED the best !

MANANA RED (SUNFISH RF) is well-known all around the world with a great success in Germany, Netherlands, USA, UK... He is the best Red Holstein bull to compete in every system: May be the #1 Red Holstein available in USA with NM&736, TPI+2465

#2 in Netherlands (+385 NVI)

#4 in Germany (+155 RZG)

#2 in Switzerland (+1602 ISET)

#13 in UK Black&White included (+748 PLI)!

The newest PP bull in France is **MEC PP** (ISU +179 – GERO P x HOUDAIN P). He comes from the same family. His dam is the full sister of MANANA's dam! The success story continues!

SHOW TYPE

The show cow IWAY won again during the Paris's show: best Senior Udder and Reserve Senior Champion! Her sons **LIWAY SIL** (SILVER) and **LOCTWAY** (HIGH OCTANE) are still available. LIWAY SIL is our #1 show type in Germany (+141 RZE) and one of our best in France (+3.5). Out of the same herd, **MILKSHAKE** (DOBERMAN x ALTA5G x WINDBROOK) is one of the highest bull for Type in France (+4.1).
